

Activities of the SDIMS

Department of Computer Applications and Mass Media

Guidance and Counseling Cell:

Guidance is provided to our students with regards to their career and social needs. We have also introduced a departmental counseling cell where teachers are in constant touch with students regarding any issues that they face.

Academic Events:

Seminars, Training Programs on various aspects of IT, personality development, communication skills, and career opportunities are conducted. BMM students are taken for visits to Radio stations, to understand the practical aspect of recording and editing. They also visit newspaper houses, film city etc .

Co-curricular and Extracurricular Activities:

Students are encouraged to take part in various co-curricular and extracurricular activities, competitions at college and inter-collegiate level like debate, essay writing, fashion competition, dance competition, drama, power point presentations etc.

Student Evaluation System:

It helps the faculty and parents to improve the academic and personal performance of the students. A student report card is generated which displays following information

- Attendance Record as per subjects
- Internal's conducted with Marks secured
- Remarks about the Individual
